What is a Flipped Classroom?

- **Flipped classroom** or **flip teaching** is a form of **blended learning** in which students learn new content online by watching video lectures, usually at home, and what used to be homework (assigned problems) is now done in class with teachers offering more personalized guidance and interaction with students, instead of lecturing
-

How it's going to work (At home)

- For homework you will watch video lectures and take Cornell Notes
 - The videos will be linked on my website
 - The videos you will need to watch for the next week will be up no later than Wednesday night
 - You are responsible for watching those videos and taking Cornell Notes by class on Monday
-

How it's going to work (in school)

- In school, you will have from **Monday** to **Thursday** in class to complete between 4-6 projects. It depends per week.
 - You can work at your own pace and in the order you wish too
 - Some projects will be completed individually and some projects will be completed in groups
 - Every **Friday** we will have some type of assessment: Graded Discussion and/or Quiz
-

Preview of this week
